Name of the BIP	The Form of Urban Voids FUV-2026		
Target group (students, teachers, employees, education level, field of education/occupation)	Students of Architecture, Landscape and Urban Planning programmes, Undergraduate, Graduate and PhD Researchers and professionals in the fields of Urban Morphology, Building Typology, Architectural and Urban Design, Landscape Design - Title: The Form of Urban Voids FUV-2026 - Beneficiary Module Code: 2025-1-IT02-KA131-HED-000324251-8 - Responsible Person for OLA : Professor Alessandro Camiz (alessandro.camiz@unich.it) Please nominate students and staff through this online form: https://forms.office.com/e/sijPEmx5mX?origin=IprLink		
Proponent University: INGENIUM EUROPEAN UNIVERSITY member	"G. D'Annunzio" University of Chieti-Pescara, Architecture Department [Italy];	Alessandro Camiz	alessandro.camiz@unich.it
Partner University 1	Universidad de Málaga, Escuela de Arquitectura de Málaga, [Spain];	Guido Cimadomo	cimadomo@uma.es
Partner University 2	Dokuz Eylül University, Faculty of Architecture [Turkey]	HÜMEYRA BİROL	humeyra.akkurt@deu.edu.tr
Partner University 3	Rwth Aachen University, Faculty of Architecture [Germany]	Uwe Schröder, NICOLA CAROFIGLIO	schroeder@raum.arch.rwth-aachen.de , carofiglio@raum.arch.rwth-aachen.de
Partner University 4	Universidade de Lisboa, Lisbon School of Architecture, [Portugal]	Carlos Dias Coelho	cdcoelho.luotp@gmail.com
Partner University 5 INGENIUM EUROPEAN UNIVERSITY member	"G.M. Cantacuzino" Faculty of Architecture "Gh. Asachi" Technical University of Iasi, Romania	Carmina Gheorghita Raluca Manoliu	carmina-constantina.gheorghita@academic.tuiasi.ro raluca-maria.manoliu@academic.tuiasi.ro
Objectives and Description	The research in the fields of Urban Morphology and Building Typology in the last 50 years has considered primarily the "form of the built environment". Most recently, designers seem to have similar approaches in designing public spaces by considering above all the "form of buildings", conceived as standalone objects, and therefore incapable of establishing meaning and form relationships with the landscape. We should also reconsider the impact of "the void's form" on the quality of life, on the inhabitants, and on the climatic aspects of the contemporary city. This Blended Intensive Programme intends to reconsider the Form of Public Spaces, (squares, gardens, parks, and streets) within the Contemporary City by applying the morphological analysis methods to selected meaningful cases, and through experimental design experiences.		
Methods and outcomes	Methods: The BIP "Form of Urban Voids" is a design workshop organised by the Architecture Department of "G. D'Annunzio" University of Chieti-Pescara. It will consider analytically the form of Contemporary Public Urban Spaces. We organised the BIP in the same days of the annual		

	Architecture Summer School 2026. The BIP will constitute an experimental research-based design training. We will define specific design areas and topics in coordination with the Municipality of Pescara and the other participating Universities. During the Blended Intensive Programme, the participant researchers will address the students with Lectures and Seminars as well as by leading small design teams and reviewing the outcomes. This BIP intends to be the first of a series of BIPs, planned in cooperation with the other participating Universities, throughout a 2 year coordinated programme, aimed at preparing the joint application for a funded research on related topics (Erasmus Plus, Erasmus Mundus, Horizon 2030) Learning Outcomes: Understand the formation processes of urban voids as public spaces Analyse the morphological and aesthetical aspects of urban voids as public spaces Comprehend the social and climatic aspects of urban voids as public spaces Apply the identified processes and aspects to the design of urban voids as public spaces Implement sustainable actions in order to improve the climatic aspects of public spaces Research outcomes: Compare meaningful European case studies of Urban Public Spaces Analyse the morphological characters of Urban Public Spaces Correlate the morphological, aesthetical, social, and climatic parameters of Urban Public Spaces Define morphological research-based guidelines for the sustainable design of Urban Public Spaces Define evidence-based design strategies enhancing the resilience and inclusivity of public spaces while respecting their historical morphological evolution
Level of Study	Students: 1st, 2nd 3rd cycle of Architecture, Landscape and Urban Planning, Undergraduate, Graduate and PhD Teachers: PhD, Architects and Professors and Researchers in the fields of Urban Morphology, Building Typology, Architectural and Urban Design, Landscape Design
Duration	9 days, from August 31 th to September 6 th 2026, plus 2-4 days (virtual component), including travel days from August 30 th to September 7 th
Physical start date	August 31 st 2026
Physical end date	September 6 th 2026
Physical Component Schedule	Sunday, August 30th, Arrival Monday, August 31st, Conference, Site visits Tuesday, September 1st, Lectures, working in teams Wednesday, September 2nd, Lectures, working in teams Thursday, September 3rd, Lectures, working in teams, midterm review Friday, September 4th, Lectures, working in teams Saturday, September 5th, Final presentation, Discussion, social dinner Sunday, September 6th, Site visits, Monday September 7th, departure
Virtual Component Timing	Before and after the in presence event, 4 sessions of 4 hours each (16 hours) 1 session: presentation, lectures, 17/7 Friday 14-18 CET 2 session: lectures, 24/7/26 Friday 14-18 CET 3 session: Lectures from the partners, team building, 28/8/26 Friday 14-18 CET 4 session: improved final presentation 11/9/26 Friday 14-18 CET

Virtual Component Description	- 1st session: Self-presentation (staff and students); General information and case study presentation, and discussion; Digital cartography and information distribution; Team building; Online work session. - 2nd session: Lectures from the partners; Online work session. - 3rd session: Lectures from the partners Online work session. - 4th session: improved final presentation; Online work session.
Country of Venue	Italy
City of Venue	Pescara
Main Teaching/Training Language	English
Number of ECTS Credits Awarded	3 ECTS

Blended Intensive Programme: BIP The Form of Urban Voids. FUV-2026
Workshop: Composizione 2 A/B, Prof. D. Potenza, A. Camiz

Blended Intensive Programme: BIP The Form of Urban Voids. FUV-2026

Workshop: Composizione 2 A/B, Prof. D. Potenza, A. Camiz

Final presentations, Discussion, **Aula Rossa, Pindaro**
Final presentations: 25 teams, 10 minutes each, 250 minutes
discussion, 30 minutes

Saturday 5/9/2026

20:00 Social dinner, (only staff) Palazzetto Toccaferro, Via Falcone e Borsellino, 1-3, Pescara, walking distance from the University

Sunday, September 6th, Site visit, Parco Nazionale della Maiella and Caramanico Terme, ONLY STUDENTS AND STAFF REGISTERED FOR THE BIP

Meet at 10:00 at VIALE PINDARO n. for the bus, please do not be late.

After the visit to the Botanical Garden, we will go to **Caramanico Terme for lunch, at your own expense**, we will leave Caramanico at **aprox. 16:00** to be back in Pescara, **aprox. 17:00**

English-language guided tour of the "D. Brescia" Botanical Garden on September 6, 2026
The "D. Brescia" Botanical Garden and "Aromatica d'Abruzzo".

Meet with Majambiente guides at the parking lot of the D. Brescia Botanical Garden in Sant'Eufemia a Maiella. Guided tour of the garden owned by the Maiella National Park and managed by Majambiente. The area, which extends over 4 hectares of land at the foot of the Maiella and Morrone mountains and at almost 1,000 meters above sea level, is home to over 550 species, almost exclusively endemic to Italian flora. The tour will allow us to learn more about the plants, their interactions, their histories, interesting facts, and their medicinal and traditional uses. Finally, a visit to the "Aromatica d'Abruzzo" exhibition is included: an olfactory/sensory journey dedicated to medicinal plants, their properties, and their uses throughout the history of Abruzzo.

Schedule:

1. Approximately 11:00 AM - Meeting at the ticket office of the "D. Brescia" Botanical Garden.
2. Followed by - Start of the guided tour.
3. Approximately 12:30 PM - End of the tour

Itinerary details:

- Distance: —
- Elevation gain: negligible
- Duration: 1.5 hours
- Difficulty: T - Tourist

The entrance ticket provided by the BIP includes:

- AIGAE English-speaking Environmental Hiking Guide;
- Third-party liability insurance;
- Entrance ticket to the Botanical Garden
- Entrance to the Aromatica d'Abruzzo exhibition.

The entrance ticket provided by the BIP does not include

- Tips and other extras.

Recommended Equipment and clothing

- Comfortable walking shoes.
- Backpack (optional).
- Comfortable clothing.
- Water bottle
- Sun protection: hat, sunglasses, and sunscreen.

Monday September 7th, departure

ONLINE PART AFTER THE MOBILITY

4 session: improved final presentation 11/9/26 Friday 14-18 CET

Join Zoom Meeting:

<https://us06web.zoom.us/j/3325159690?pwd=4HkpqaJapdP0s9PWwTCzKlnoub6mFR.1>

MeetingID: 332 515 9690

Blended Intensive Programme: BIP The Form of Urban Voids. FUV-2026 Workshop: Composizione 2 A/B, Prof. D. Potenza, A. Camiz

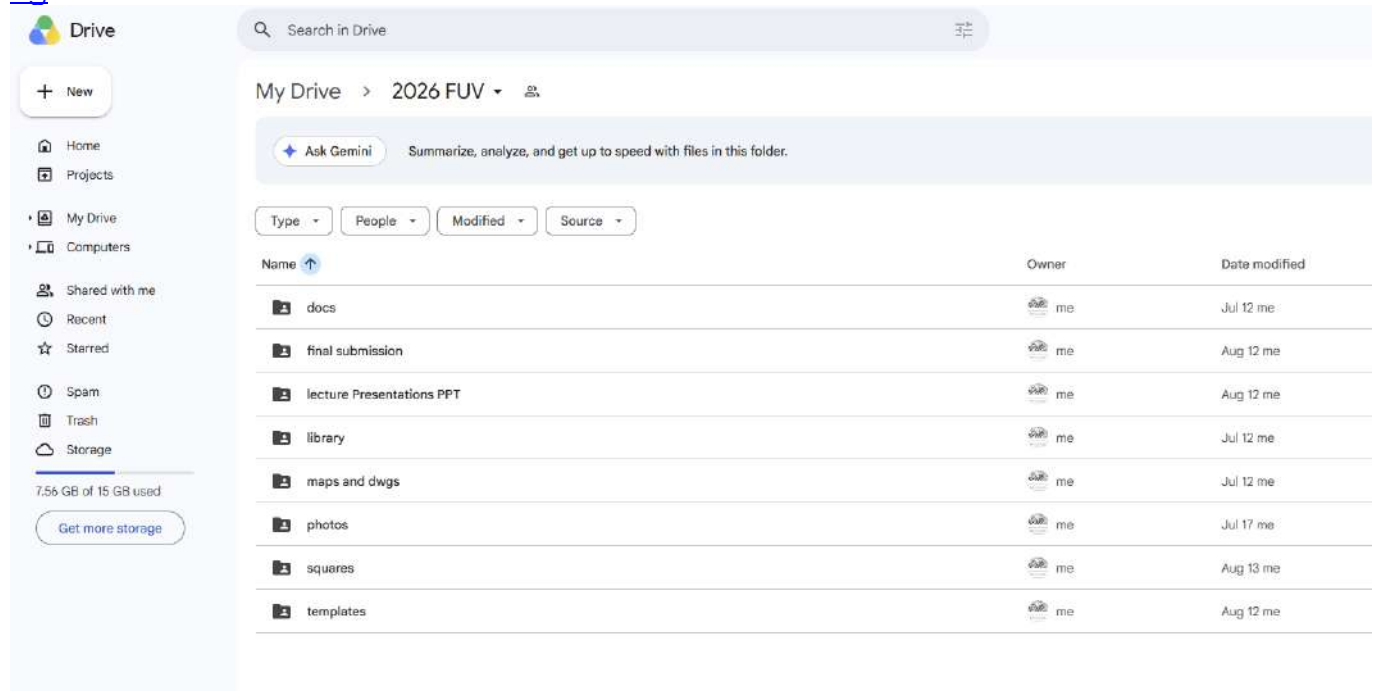

Passcode: fV6vmr

25 teams, 10 minutes each, 300 minutes

discussion, 60 minutes

Students will be able to download the workshop documentation in the shared folder with drawings, references, historical cadaster, climate analyses etc.

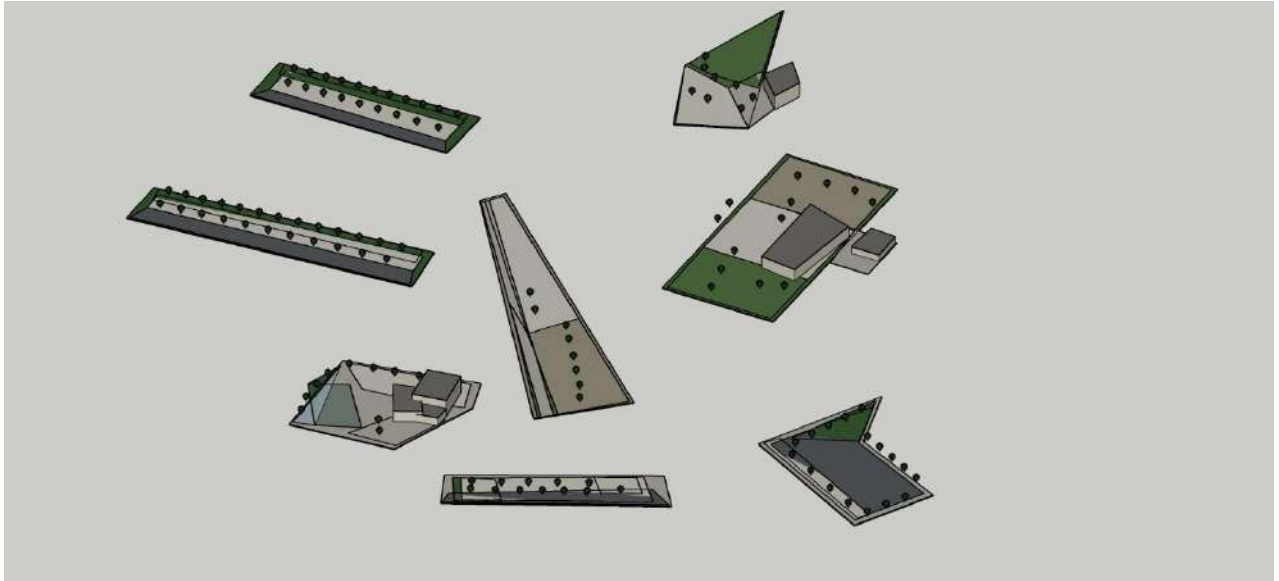

<https://drive.google.com/drive/folders/1F6Miz0CipBsKMgNMizfpuUtg0RwqNBJM?usp=sharing>

Design Assignment:

During the workshop, students will be organised into groups of five or six and assigned to international tutors. Each group will select one of the eight proposed squares and independently plan a site visit. Throughout the workshop, teams will develop a design proposal for the transformation of their selected public space, placing particular emphasis on urban forestation and de-paving strategies to mitigate the effects of the Urban Heat Island (UHI) phenomenon. Each team will present its project on Saturday afternoon and produce an exhibition and publication panel using the provided template.

Blended Intensive Programme: BIP The Form of Urban Voids. FUV-2026
Workshop: Composizione 2 A/B, Prof. D. Potenza, A. Camiz

Submission:

Each student team should submit **a power point** (using the template provided in the shared folder/templates), **one A1 printed vertical poster** (using the template provided in the shared folder/templates), a **2 page max text report in word** format (using the template provided in the shared drive/templates), and a **physical cardboard model**, 59,4x59,4 cm.

In the power points students can include all the drawings they have created, analyses, photos, sketches, final plans, sections, 3d model renderings etc.

In the Poster, each team should include only the following publication quality drawings:

1 master plan scale 1:500 and or 1:200 with shadows,

1 section/elevation same scale,

1 large bird's eye view from above of the 3D digital model,

3/4 renderings human eye height of the digital model.

The posters and the models will be presented in an exhibition, the power points will be presented in the presentation session.

All files should be delivered online in the shared drive/final folder

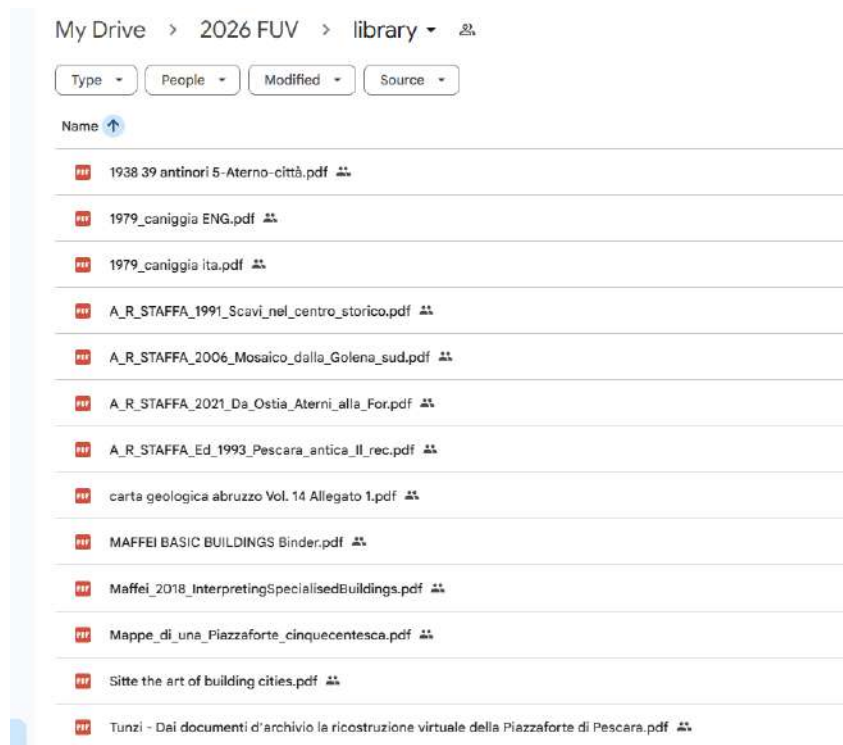

Certificates of attendance:

Each student and staff attending the workshop/BIP will receive a participation certificate, Erasmus Mobility students should also prepare the [CERTIFICATE OF ATTENDANCE FOR ERASMUS EXCHANGE STUDENTS](#)

Workshop: Composizione 2 A/B, Prof. D. Potenza, A. Camiz

Transportation:

Pescara has an airport: <https://www.abruzzoairport.eu/> there might be a low cost direct flight to there. Elsewise you can arrive at the Rome airport, <https://www.adr.it/fiumicino>. There are direct buses to Pescara from Rome (Stazione tiburtina) and from the Rome airport <https://dicarlobus.com/>

Avoid the train, as it is very slow and requires changes.

The Pescara Campus is connected to the train and bus station in Pescara by the bus lines 21, 3 and 6, tickets may be found at the tobacco stores.

<https://www.tuabruzzo.it/linee-urbano-pescara/84.html>

Accommodation:

There are many hotels and bed and breakfast in Pescara, you can find the most convenient one depending on your preferences on Booking.com. Please consider the proximity to the campus, or to the station or along the 3, 6 and 21 bus lines for public transportation, while choosing. We recommend booking in advance as in the summer season you could have difficulties in a last minute reservation. Here-below some suggestions.

<https://www.phihotelambra.com/>
